

**Emerge is moving!**

We are moving to a new building called the QV Tower.

When you come to visit,  
you will enter through  
the front door.

When you walk into the front foyer, you will see that Emerge is located on level 3.

You will need to walk down the ground floor corridor to the middle lift.

You will take the middle lift to level 3.

Once you step out of the lift you will see Emerge and it may look a little different, but the people are the same and can't wait to see you.
